Features:

- **Materials harvested from Minnesota are Borate Pressure treated with a 40 year warranty against decay. Borate has low toxicity and has no negative effects on indoor air quality.**
- **Buildings are engineered by a licensed engineer.**
- **Pine posts and beams are harvested from Minnesota sustainable forests.**
- **Minnesota Forest Industry — “From 1990 pine growth exceeds removal by 46%. One million pine seedlings are being planted in Minnesota each year. On average, 30 seedlings are planted for every tree harvested”.**
- **Sunroom panels by Ez-Breeze have a lifetime warranty on aluminum frames and a 10 year warranty on vinyl glazing, screens and parts.**

*Custom
Timber Railing
for interior and
exterior projects*

Custom Homes

I would like to take this opportunity
to introduce myself, Bruce Beckley,
General Contractor, Master Craftsman.
I have been building excellence for the past 30 years.
Your satisfaction is my primary concern.
You have my word on that.

Bruce Beckley
